# INTRODUCTORY SECTION

March 13, 2009

To the Honorable Mayor, City Council, and Citizens of the City of Newton, Iowa

I am pleased to submit the annual financial report for the City of Newton, lowa, for the fiscal year ended June 30, 2008, and to also provide information about the City organization and community. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation including all disclosures rests with the City. To the best of our knowledge and belief, the enclosed data are accurate in all material respects and are reported in a manner designed to present fairly the financial statements on a cash basis of accounting. All disclosures necessary to enable the reader to gain an understanding of the government's financial activities have been included.

The annual financial report is presented in four sections: introductory, financial, compliance and statistical. The introductory section includes the table of contents, letter of transmittal, the government's organizational chart, and a list of City officials. The financial section includes the independent auditor's report, management's discussion and analysis, basic financial statements and required supplemental information. The statistical section includes selected financial and demographic information generally presented on a multi-year basis.

The Compliance Section of this report includes the auditor's report on internal control over financial reporting and compliance with requirements applicable to laws, regulations, contracts, and other matters.

The City of Newton has operated under a Mayor-Council form of government with an appointed City Administrator since 1982. Policy-making and legislative authority are vested in the governing Council, which consists of a Mayor, and six-member Council. The City Council is responsible for adopting ordinances, policy resolutions, the annual budget and six-year Capital Improvements Program, appointing committees, and hiring the City Administrator and City Attorney. The City Administrator is responsible for overseeing the day-to-day operations of the government and for appointing and supervising the City's department directors. The City Council is elected on a non-partisan basis to four-year staggered terms with three Council members elected every two years. The Mayor is elected for a two-year term. Four of the Council members are elected within their respective wards, and the Mayor and the two remaining Council members are elected at-large.

This report includes all funds of the City of Newton. The City provides a full range of services including police and fire protection; sanitation services; the construction and maintenance of roads, streets and infrastructure; inspection and licensing functions; maintenance of grounds and buildings; municipal airport; library; cemetery and parks and recreation activities. In addition to general government activities, the municipality owns and operates enterprises for a regional landfill, water pollution control facility, parking facilities, and golf course.

## **ECONOMIC CONDITION AND OUTLOOK**

The City of Newton serves as the Jasper County seat and a local employment center. It is a regional retail hub, with a full range of shopping and services. The 2007-08 fiscal year was a time of endings and new beginnings for Newton's economy. Through aggressive pursuit of new businesses combined with local ingenuity, Newton was able to stabilize its economy and set a positive course for future growth.

A worldwide icon of dependability, the Maytag Corporation had made Newton its home for 113 years, but the 2007-08 fiscal year saw the Maytag era in Newton come to an end. The corporation continued to pull all its operations out of Newton, with its largest manufacturing plant closing its doors in October 2007. The loss of thousands of manufacturing and office jobs obviously created huge challenges for the local Newton economy.

With the end of Maytag came opportunities for new companies to utilize the facilities and workforce. Two major companies that chose to locate in Newton were manufacturers in the rapidly growing wind energy industry. TPI Composites started building a new, 300,000 square foot facility in Newton in December 2007. The factory, which opened later in calendar 2008, has made agreements to employ over 500 workers to manufacture wind blades. Trinity Structural Towers started remodeling a portion of the former Maytag plant in May 2008. The Trinity factory also opened later in 2008, with a commitment to employ at least 140 people manufacturing wind turbine towers.

The active renovation of the Maytag corporate campus in downtown Newton also began in 2008. Abandoned portions of the buildings in the complex were demolished, while other areas were prepared for future occupants. Iowa Telecom, the new owner of the majority of the complex, has expanded its headquarters operations and is actively seeking other occupants for vacant spaces. The Des Moines Area Community College continued to pursue its plans to convert some of the Maytag complex into a Career Academy for local students. This project is underway and slated to open in the Fall of 2009.

Newton remains the home of many strong local employers like Vernon Company, Newton Manufacturing, Thombert Inc., Rock Communications, and Cline Tool. It also has added innovative new ones like Springboard Engineering. This company formed out of the former Maytag research department, as over forty engineers decided to stay

in the community and use their expertise to become consultants, opening for business in January 2008. Springboard is emblematic of innovative small businesses that have started in Newton in the wake of Maytag's departure.

The most visible new economic success story in Newton in 2007-08 continued to be the lowa Speedway. This \$70 million state-of-the-art facility opened in 2006 and hosts several large, nationally-televised events throughout each year. The Speedway consists of a 7/8 mile oval racetrack, an infield road course, over 25,000 permanent grandstand seats, and two dozen luxury suites. Developed as a public/private partnership, the Speedway continued its success in 2007-08. It made gains in attendance, traffic management, and attraction of larger NASCAR races in upcoming seasons. The community also saw the openings of two new convenience store/gas station/restaurants in the Speedway area, with an AmericInn hotel also beginning construction in Fiscal Year 2007-08. The Speedway is forecasted to continue to draw more tourists and new businesses to the area in future years.

In 2007-08, unemployment grew as a problem in Newton. In July of 2007, the unemployment rate for the Newton metropolitan area (inclusive of all of Jasper County) was 5.6%. That percentage spiked upward to 9.5% in December 2007, following the final closure of the Maytag manufacturing plant. By the end of the fiscal year, in June 2008, the unemployment rate had declined to 7.2%. With the opening of the two new large manufacturers in the second half of calendar 2008, it is anticipated that employment rates will improve.

The overall outlook for Newton is positive. Though the slow national economic situation does not help, Newton is still well-positioned for economic growth. The community is located along major transportation routes near an expanding metropolitan area and is intentionally diversifying its economic base. For these factors, Newton will continue to stabilize from the departure of Maytag and be poised for a strong future.

#### **CITY OPERATIONS**

The Mayor, City Council and City staff conduct strategic planning activities on a regular basis in order to provide the City with a firm sense of direction about its future as well as to evaluate current activities. The City conducted a strategic planning workshop in August of 2008.

#### FINANCIAL INFORMATION

City administration is responsible for establishing and maintaining internal control designed to ensure that the assets of the government are protected from loss, theft, or misuse and to ensure adequate accounting data is compiled to allow for the preparation of financial statements in conformity with the cash basis of accounting which is an other comprehensive basis of accounting. Internal control is designed to provide reasonable but not absolute assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely

Annual Financial Report
The City of Newton Fiscal Year 2008

to be derived and (2) the valuation of costs and benefits requires estimates and judgments by management.

# **Budgeting Controls**

The City maintains budgeting controls to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the City Council. All funds are included in the annual appropriated budget with the exception of non-expendable trust funds, the internal service fund, and agency funds. The level of budgeting control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is at the program level.

As demonstrated by the financial statements and schedules included in the financial section of this report, the City continues to meet its responsibility for sound financial management.

#### **Debt Administration**

At June 30, 2008, the City of Newton had a number of debt issues outstanding. These issues included \$22,104,852 of general obligation bonds, \$4,464,178 of sewer revenue capital loan notes, and \$105,000 of special assessment bonds and notes. The government has maintained its A1 rating from Moody's Investors Service on general obligation bond issues. Under current state statutes, the government's general obligation debt issues are subject to a legal limitation based on 5 percent of total actual value of real property. The government's net general obligation debt of \$26,569,030 was below the legal limit of \$36,679,732 and debt per capita equaled \$1,705.44.

The City looks for, and calls in, bond issues that will generate annual principal and interest savings.

# Cash Management

Cash temporarily idle during the year was invested in demand deposits, certificates of deposit, U.S. Treasury securities, and authorized mutual funds. The investment policy adopted by the City Council stresses the importance of capital preservation. The policy directives intend to minimize credit and market risks while maintaining a competitive yield on the portfolio. Accordingly, deposits were either covered by federal depository insurance or collateralized. All collateral on uninsured deposits was held either by the State Treasurer, the government, its agent, or a financial institution's trust department in the government's name. All of the investments subject to risk categorization were classified in the category of lowest credit risk as defined by the Governmental Accounting Standards Board.

## Risk Management

The City is fully insured for its general and auto liability as well as public official, police professional, and ambulance professional liability. Workers' compensation coverage is provided through a statewide risk pool for local governments, the lowa Municipalities Workers' Compensation Association (IMWCA). The City has also established a self-insurance plan for medical, dental, and prescription drug expenses and purchases specific and aggregate stop-loss coverage from HCC / Comrisk Reinsurance. United Medical Resources has provided third party administration of the pool for the City since July 1, 2008.

# **OTHER INFORMATION**

#### Independent Audit

State statutes require an annual audit by independent certified public accountants. The accounting firm of Nolte, Cornman & Johnson P.C. was selected for this purpose. The independent auditor's report on the general-purpose financial statements and combining and individual fund statements and schedules is included in the financial section of this report.

# **Evaluation by Moody's Investors Service**

In 2007, Moody's Investors Service affirmed its A1 rating to the City of Newton's general obligation debt. In its affirmation, Moody's indicated that the assignment of the "A1 rating is based on the City's moderately sized tax base that has begun to address challenges related to the closing of the Maytag corporate headquarters and its research/production facilities; the return to structural balance in the City's various funds; and above average debt profile.

# **Acknowledgments**

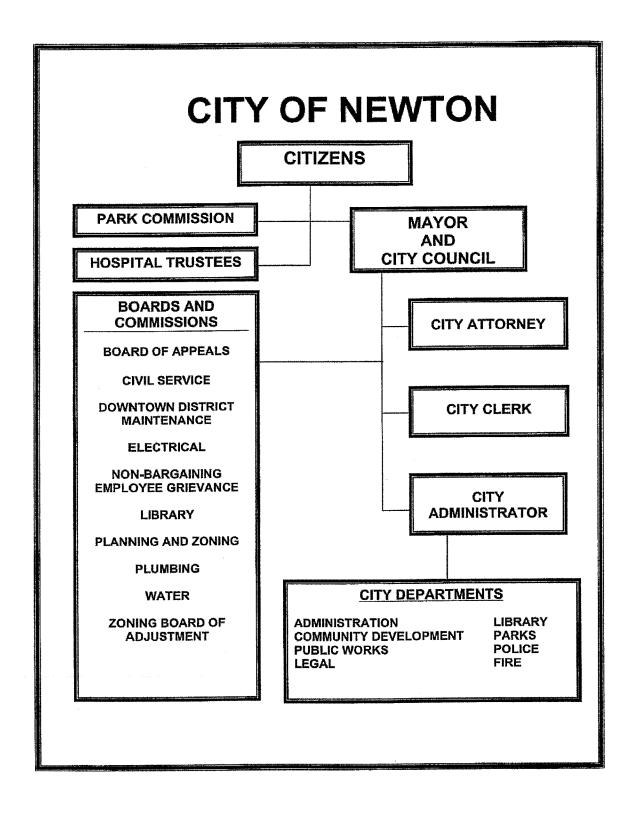

I am grateful for the support and interest of the Mayor and City Council, department directors and other management staff for their conscientiousness in planning and conducting the financial operations of the City of Newton in a responsible and progressive manner. Preparation of this report could not have been accomplished without the efficient and dedicated services of the Administration Department staff and the efficient assistance of the City's independent auditors, Nolte, Cornman & Johnson P.C.

Respectfully submitted,

Thomas R. Wardlow

Interim City Administrator

Thomas R. Wallow

#### INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and Members of the City Council:

We have audited the accompanying primary government financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of City of Newton, Iowa, as of and for the year ended June 30, 2008, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the management of the City of Newton. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1, these financial statements were prepared on the basis of cash receipts and disbursements, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position – cash basis of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Newton at June 30, 2008, and the respective changes in financial position – cash basis for the year then ended in conformity with the basis of accounting described in Note 1.

In accordance with <u>Government Auditing Standards</u>, we have also issued our report dated March 13, 2009, on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with <u>Governmental Auditing Standards</u> and should be considered in assessing the results of our audit.

The Management's Discussion and Analysis and budgetary comparison information on pages 11 through 17 and 34 through 36 are not required parts of the basic financial statements, but are supplementary information required by the Governmental Accounting Standards Board. We applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. We did not audit the information and express no opinion on it.

Members American Institute & Iowa Society of Certified Public Accountants

Our audit was made for the purpose of forming an opinion on the aforementioned financial statements that collectively comprise the financial statements of the City of Newton. We previously audited, in accordance with the standards referred to in the second paragraph of this report, the financial statements for the four years ended June 30, 2007 (which are not presented herein) and expressed an unqualified opinion on those financial statements. The supplementary information included in Schedule 1 through 5, is presented for purposes of additional analysis and is not required parts of the financial statements. Such information has been subjected to the auditing procedures applied in our audit of the aforementioned financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section and statistical section tables have not been subject to the auditing procedures applied by us in the audit of the financial statements, and accordingly we express no opinion on them.

Note, Cornman & Johnson, P.C.

Newton, Iowa March 13, 2009

# CITY OF NEWTON, IOWA MANAGEMENT DISCUSSION AND ANALYSIS

The City of Newton provides this Management's Discussion and Analysis of its financial statements. This narrative overview and analysis of the financial activities is for the fiscal year ended June 30, 2008. We encourage readers to consider this information in conjunction with the City's financial statements, which follow.

#### FINANCIAL HIGHLIGHTS

- The City's General Fund receipts of \$9,663,369 increased \$2,299,905 or 31.23% from the FY 2007 receipts of \$7,363,464.
- General Fund property taxes decreased by \$983,559 or 23.24% to \$3,248,463 over the FY 2007 tax collections of \$4,232,022.
- The City's General Fund disbursements of \$8,684,413 increased \$1,037,660 or 13.57% from the FY 2007 disbursements of \$7,646,753.
- The City's General Fund end of year cash balance of \$3,373,283 increased \$978,956 or 40.89% from the FY 2007 cash balance of \$2,394,327.
- There were no significant changes in the City's operations.

#### **USING THIS ANNUAL REPORT**

The annual report consists of a series of financial statements as well as other requirements as follows:

Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the government's financial activities.

The Government-wide Financial Statements consists of a statement of activities and changes in cash balances. This statement provides information about the activities of the City as a whole and presents an overall view of the City's finances.

The Fund Financial Statements tell how governmental services were financed in the short term as well as what remains for future spending. Fund financial statements report the City's operations in more detail than the government-wide statements by providing information about the most significant funds.

Notes to the Financial Statements provide additional information that is essential to a full understanding of the data provided in the basic financial statements.

Supplementary Information provides detailed information about the annual budget, nonmajor governmental funds and debt obligations.

# REPORTING THE CITY AS A WHOLE

The statement of activities and changes in cash balance presents information showing how the City's cash balance changed during the most recent fiscal year.

The City's governmental activities are displayed in the statement of activities and changes in the cash balance. Governmental activities include public safety public works, health and social services, culture and recreation, community and economic development, general government, debt service and capital projects. Property tax and state and federal grants finance most of these activities.

The business-type activities of the City include the landfill, sanitary sewer system, and other non-major enterprise funds. These activities are financed primarily by user charges.

#### Fund Financial Statements

The fund financial statements provide detailed information about individual, significant funds; not the City as a whole. Some funds are required to be established by State law and by bond covenants. The City can establish other funds to help it control and manage money for particular purposes.

The City has two kinds of funds:

- 1) Governmental funds account for most of the City's basic services. They focus on how money flows into and out of the funds and the balances at year-end that are available for spending. Governmental funds include: 1) the General Fund, 2) the Special Revenue Funds such as Road Use Tax and Tax Increment Financing, 3) the Debt Service Fund, 4) the Capital Projects Fund and 5) the Permanent Funds. Governmental funds are reported on the basis of cash receipts and disbursements. The cash basis of accounting does not give effect to accounts receivable, accounts payable and accrued items. Financial records and reports are prepared on the basis of when cash is received and disbursed. The government fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs.
- 2) Proprietary funds account for the City's Enterprise Funds and for the Internal Service Fund. Enterprise Funds are used to report the same functions presented as business-type activities in the government-wide statement of activities and changes in cash balance. The City maintains two Enterprise Funds to provide separate information for the landfill and sanitary sewer funds, considered to be major funds of the City. Internal Service Funds are an accounting device used to accumulate and allocate costs internally among the City's various functions. The Internal Service Fund utilized by the City accounts for employee group health insurance.

# **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

As noted earlier, the City reports the activities of the funds using the cash basis of accounting, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles (GAAP). The City does not report capital assets or depreciation on those assets as would be required by GAAP.

#### **Governmental Activities**

The City's end of year cash balance for governmental activities of \$7,337,337 increased \$732,553 or 11.09% from the FY 2007 end of year cash balance of \$6,604,820. This increase is attributed to donation from Whirlpool and local option sales and service tax revenue.

# THE CITY'S INDIVIDUAL MAJOR FUNDS

The City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The focus of the City's funds is to provide information on near-term inflows, outflows and cash balances of spendable resources. The following are major reasons for the changes in cash balances from the prior year for the City's major funds.

#### Governmental Funds.

• The General Fund is the chief operating fund of the City. At the end of the current fiscal year, the cash balance of the General Fund was \$3,373,283 increased \$978,956 or 40.89% from the prior year ending cash balance of \$2,394,327.

## **Proprietary Funds.**

- The Sewer Fund end of year cash balance of \$1,524,720 decreased \$419,667 or 37.97% from the FY 2007 end of year cash balance of \$1,105,053.
- The Landfill Fund end of year cash balance of \$2,522,442 increased \$584,956 or 30.19% from the FY 2007 end of year cash balance of \$1,937,486.

#### **BUDGETARY HIGHLIGHTS**

In accordance with the Code of Iowa, the City Council annually adopts a budget following a required public notice and hearings for all funds. Although the budget document presents functional disbursements by fund, the legal level of control is at the aggregated function level, not at the fund or fund type level. The budget may be amended during the year utilizing similar statutorily prescribed procedures. Over the course of the year, the City amended its operating budget once.

#### **DEBT ADMINISTRATION**

At FY2008 year-end, the City had \$26,674,030 in bonds and other long-term debt compared to \$26,133,084 last year as shown below.

Outstanding Deb (Expressed in		
	2008	2007
General obligation bonds	\$ 22,105	\$ 23,575
Special assessment bonds and notes	105	140
Capital leases	-	72
Sewer revenue capital loan notes	4,464	<u>2,346</u>
Total	\$ 26,674	\$ 26,133

The City's general obligation bond rating continues to be A1 rating as rated by Moody's. The Constitution of the State of Iowa limits the amount of general obligation debt that cities can issue to 5 percent of the assessed value of all taxable property within the City's corporate limits. The City's outstanding general obligation debt of \$26,569,030 is below the City's legal debt limit.

More detailed information about the City's long-term liabilities is presented in Note 3 to the financial statements.

# **ECONOMIC FACTORS BEARING ON THE CITY'S FUTURE**

After having implemented a one-cent sales tax in 2006, the city has realized additional revenues that have provided relief to property tax payers and funded needs and programs.

# **CONTACTING THE CITY'S FINANCIAL MANAGEMENT**

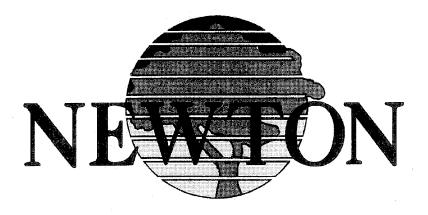

This financial report is designed to provide our citizens, taxpayers, customers, and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have questions regarding this report or need additional financial information, contact David Watson, City Administrator, 101 West 4<sup>th</sup> Street South, Newton, Iowa.

Sincerely,

Thomas R. Wardlow

Interim City Administrator

# CITY OF NEWTON, IOWA NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2008

#### Note 1 - Summary of Significant Accounting Policies

Nature of Operations

The City of Newton, Iowa, was incorporated in 1857 and operates under the Mayor/Council/Administrator form of government. The City of Newton provides a broad range of services to citizens, including general government, public safety, streets, sanitation, and health, cultural and park facilities, and social services. It also operates the airport, landfill, parking facilities, and sewer utilities.

#### Reporting Entity

For financial reporting purposes, the City of Newton, Iowa, has included all funds, organizations, agencies, boards, commissions and authorities. The City has also considered all potential component units for which it is financially accountable, and other organizations for which the nature and significance of their relationship with the City are such that exclusion would cause the City's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the City to impose its will on that organization or (2) the potential for the organization to provide specific benefits to, or impose specific financial burdens on the City. These criteria also include organizations that are fiscally dependent on the City.

The following component units are entities which are legally separate from the City. However, the financial transactions of these component units have not been displayed because they use a different basis of accounting.

The Newton Municipal Waterworks (Waterworks) is a municipal utility of the City of Newton, Iowa, which is operated under Chapter 338 of the Code of Iowa and the Newton City Code. The Waterworks is legally separate from the City but has the potential to provide specific benefits to, or impose specific burdens on the City. The Waterworks is governed by a three-member board appointed by the Mayor and approved by the City Council. The Waterworks has been audited separately. Complete financial statements can be obtained from the Waterwork's administrative office.

Skiff Medical Center (Medical Center) is a municipal hospital of the City of Newton, Iowa, organized under Chapter 392 of the Code of Iowa, and is governed by a five-member board elected by the citizens of Newton. The Medical Center is fiscally dependent on the City because general obligation bond issuance authorizations are approved by the City Council, and the liability for the general obligation bonds remains with the City. The Medical Center has been audited separately by other auditors. Complete financial statements can be obtained from the Medical Center's administrative office.

#### Jointly Governed Organizations

The City also participates in several jointly governed organizations that provides goods or services to the citizenry of the city but do not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. City officials are members of the Poweshiek-Jasper County Task Force, the Jasper County Joint E911 Service Board, and the Jasper County Assessor's Conference Board.

#### Government-wide Financial Statements

The government-wide financial statement (i.e., the statement of activities and changes in cash balances) report information on all of the nonfiduciary activities of the City. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by tax and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities and changes in cash balances demonstrates the degree to which the direct disbursements of a given function are offset by program receipts. Direct disbursements are those that clearly identifiable with a specific function. Program receipts include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants, contributions and interest that are restricted to meeting the operational or capital requirements of a particular function. Tax and other items not properly included among program receipts are reported instead as general receipts.

Separate financial statements are provided for governmental and proprietary funds. Major individual governmental funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as other nonmajor governmental funds.

#### Basis of Accounting

The City maintains its financial records on the basis of cash receipts and disbursements ant the financial statements of the City are prepared on that basis. The cash basis of accounting does not give effect to accounts receivable, accounts payable, and accrued items. Accordingly, the financial statements do not present financial position and results of operations of the funds in accordance with accounting principles generally accepted in the United States of America.

The City reports the following major governmental funds:

The General Fund is the general operating fund of the City. All general tax receipts and other receipts that are not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating disbursements, the fixed charges, and the capital improvement costs that are not paid from other funds.

Special Revenue Funds:

The Road Use Tax Fund is used to account for road construction and maintenance.

The Employee Benefits Fund is used to account for the payment of employee benefits funded by the employee benefit property tax levy.

The Tax Increment Financing Fund is used to account for projects financed by tax increment financing.

The Debt Service Fund is utilized to account for the payment of interest and principal on the City's general obligation debt.

The Capital Projects Fund is used to account for all resources used in the acquisition and construction of capital facilities, with the exception of those that are financed though enterprise funds.

Additionally, the City reports the following major proprietary funds:

The Enterprise Funds are utilized to finance and account for the acquisition, operation and maintenance of governmental facilities and services that are supposed by user charges.

An Internal Service Fund is utilized to account for the financing of goods or services purchased by one department of the City and provided to other departments or agencies on a cost reimbursement basis.

Proprietary funds distinguish operating receipts and disbursements from non-operating items. Operating receipts and disbursements generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. All receipts and disbursements not meeting this definition are reported as non-operating receipts and disbursements.

#### Budgets and Budgetary Accounting

In accordance with the Code of Iowa, the City Council annually adopts a budget on the cash basis following required public notice and hearing for all funds, except permanent funds, the internal service fund, and agency funds. The annual budget may be amended during the year utilizing similar statutorily prescribed procedures.

Formal and legal budgetary control is based upon ten major classes of disbursements, known as functions, not by fund or fund type. These ten functions are public safety, public works, health and social services, culture and recreation, community and economic development, general government, debt service, capital projects, business-type activities, and non-program.

#### Property Taxes

By statute, the City is required to certify its budget to the County Auditor by March 15 of each year for the subsequent fiscal year. The levy or lien date is the date that the tax asking is certified by the City to the County. Property taxes are levied as of July 1 on property values assessed as of January 1 of the previous year. The tax levy is divided into two billings. The first billing is mailed on July 1 and the second billing is mailed on January 1. The billings are considered due upon receipt by the taxpayer; however, the actual due date is based on a period ending three months after the tax bill mailing. On these dates (September 30 and March 31), the bill becomes delinquent, and penalties and interest may be assessed by the governments.

#### Note 2 - Cash and Investments

The City's deposits in banks at June 30, 2008, were entirely covered by federal depository insurance or by the State sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

The City is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit, or other evidences of deposit at federally insured depository institutions approved by the City Council; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

The City had no assets that were classified as investments at June 30, 2008.

#### Note 3 - Bonds and Notes Payable

Annual debt service requirements to maturity for the City's indebtedness are as follows:

Year		Ge	enera	1	Sewer Revenues				Special Assessment

2027	150,178	5,100
Total	\$ 26,674,030	\$ 9,740,431

The resolutions providing for the issuance of the sewer revenue capital loan notes include the following provisions:

- a) The notes will only be redeemed from the future earnings of the Sewer Fund, and the note holders hold a lien on the future earnings of the fund.
- b) Establish a Subordinated Sinking Fund and make a monthly cash transfer equal to 1/6 of the installment of interest coming due on the next interest payment date plus 1/12 of the installment of principal coming due on the notes on the next succeeding principal payment date.

#### Note 4 - Variable Interest Rate on 2008A Series G.O. Bonds

During the year ended June 30, 2007, the City borrowed money to finance urban renewal. The money borrowed is at a variable interest rate with a cap at prime plus 1.25%. At June 30, 2008 the rate was 6.25%. The maximum amount of credit available to the City is \$3,721,500. It is expected that the U.S. Motorsport Corporation will be reimbursing the City for an imposed \$1 surcharge on all admission tickets sold, as well as interest on \$2 million of the line of credit used for economic development grants. Details of the City's borrowings are as follows:

Balance Beginning			Balance End
 of Year	Increases	Decreases	of Year
\$ 3,644,852	0	0	3,644,852

#### Note 5 - Employment Retirement Systems

MFPRSI - The City contributes to the Municipal Fire and Police Retirement System of Iowa (the Plan) which is a cost-sharing, multiple-employer defined benefit pension plan administered by a Board of Trustees. The Plan provides retirement, disability, and death benefits established by state statute to plan members and beneficiaries. The Plan issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to Municipal Fire and Police Retirement System of Iowa, 7155 Lake Drive, West Des Moines, IA 50263.

Plan members are required to contribute 9.35% of earnable compensation and the City's contribution rate, based upon an actuarially determined normal contribution rate, cannot be less than 17% of earnable compensation. Contribution requirements are established by state statute. The City's contributions to the Plan for the years ended June 30, 2008, 2007 and 2006 were \$648,188, \$709,104, and \$727,235, respectively, which (met) exceeded the required minimum contribution for each year.

IPERS - The City contributes to the Iowa Public Employees Retirement System (IPERS) which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits which are established by state statute to

plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, P.O. Box 9117, Des Moines, Iowa, 50306-9117.

Plan members are required to contribute 3.90% of their annual covered salary, and the City is required to contribute 6.05% of annual covered payroll for the year ended June 30, 2008. Plan members are required to contribute 3.70% of their annual covered salary, and the City is required to contribute 5.75% of annual covered payroll for the years ended June 30, 2007 and 2006. Contribution requirements are established by state statute. The City's contributions to IPERS for the years ended June 30, 2008, 2007 and 2006 were \$203,585, \$181,942, and \$163,888, respectively, equal to the required contributions for each year.

#### Note 6 - Compensated Absences

City employees accumulate a limited amount of earned but unused vacation hours for subsequent use or for payment upon termination, retirement, or death. These accumulations are not recognized as disbursements by the City until used or paid. The City's approximate liability for earned compensated absences payable to employees at June 30, 2008, primarily relating to the General Fund, is as follows:

Type of Benefit	 Amount				
Vacation	\$ 596,814				

Upon termination, retirement, or death, City employees are not paid for unused sick leave.

This liability has been computed based on rates of pay in effect at  $\text{June } 30,\ 2008.$ 

#### Note 7 - Landfill Closure and Postclosure Care

The City of Newton has entered into an agreement with several other municipalities as allowed under Section 28E of the Code of Iowa to provide for economical and environmentally responsible disposal of solid waste and establish permanent environmental responsibility for the Newton Sanitary Landfill.

State and federal laws and regulations require the Newton Sanitary Landfill to place a final cover on its landfill site when filled and to perform certain maintenance and monitoring functions at the site for thirty years after closure.

Although closure and postclosure care costs will be paid only near or after the date that the landfill stops accepting waste, the City has estimated a total liability for the closure and postclosure of the landfill of approximately \$4,139,152. This amount is based upon the use of 27% of the estimated total capacity. The remaining \$107,617,952 will be recognized as the remaining capacity is filled.

These amounts are based upon what it would cost to perform all closure and postclosure care in 2008. The City expects to close the existing area of the landfill in 2011. Actual cost may be higher due to inflation, changes in technology, or changes in regulations.

As specified in the 28E agreement, the City of Newton is responsible for only 55.6%, or \$2,301,369, of the total closure and postclosure cost of the landfill. The City's proportionate share is updated annually in accordance with Section 2.2(b) of the Landfill Intergovernmental Agreement.

The City has met the closure and postclosure financial assurance requirements issued by the Iowa Department of Natural Resources by complying with the local government financial test.

#### Note 8 - Transfers

The details of transfers for the year ended June 30, 2008, is as follows:

		Transfers in										
		Employee General Benefits Fund Fund		Debt Service Fund		Internal Service Fund		Nonmajor Enterprise Funds		Total		
Transfers out												
General fund	\$	-	\$	-	\$	-	\$	350,000	\$	-	\$	350,000
Road use tax fund		350,000		39,359		8,826		-		-		398,185
Tax increment financing fund		746,219		14,893		1,626,954		-		-		2,388,066
Capital projects		26,524		-		23,534		-		-		50,058
Landfill fund		-		-		-		-		61,170		61,170
Nonmajor enterprise funds	_	»-				35,433	_	-		-		35,433
Total	\$	1,122,743	\$	54,252	\$	1,694,747	\$	350,000	\$	61,170	\$	3,282,912

The transfer to the General Fund from the Road Use Tax Fund represents the reimbursement of disbursements that related to road use (traffic control, street lighting, storm sewer, sidewalks, etc.).

The transfer to the General Fund from the Tax Increment Financing (TIF) Fund represents the reimbursement of disbursements of the TIF administration and payment of loans of prior years to the TIF fund.

The transfer to the General Fund from the Capital Projects Fund represents a reimbursement for the sale of capital assets.

The transfer to the Employee Benefits Fund from the Road Use Tax Fund represents the reimbursement of disbursements for the benefits of the public works director and secretary.

The transfer to the Employee Benefits Fund from the Tax Increment Financing Fund represents the reimbursement of disbursements for the benefits of the economic development director.

The transfers to the Debt Service Fund are for the payment of debt.

The transfer to the Internal Service Fund from the General Fund represents a supplement increase needed for extra costs assessed due to increases in insurance premiums.

The transfer to the Nonmajor Enterprise Funds represents the transfer to the Landfill Post Closure Fund from the Landfill Fund to set aside a balance to be used to pay for future costs for the closing of the current landfill.

#### Note 9 - Risk Management

The City of Newton is exposed to various risks of loss related to torts; theft, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by the purchase of commercial insurance.

The City has established a Group Insurance Fund for insuring health benefits provided to City employees and covered dependents which are included in the Internal Service fund type. Health benefits were self-insured up to a specific stop loss amount of \$65,000, and an aggregate stop loss of approximately \$1,000,000 for 2008. Coverage from a private insurance company is maintained for losses in excess of the stop loss amount. All claims handling procedures are performed by a third-party claims administrator. Settled claims have not exceeded commercial coverage in any of the past three fiscal years.

Employees paid from all funds of the City participate in the program, and the City makes payments to the Group Insurance Fund on their behalf based on actuarial estimates of the amounts needed to pay prior-year and current-year claims.

#### Note 10 - Commitments and Contingencies

The City's corporate counsel reported that as of June 30, 2008, various claims and lawsuits were on file against the City. The corporate counsel estimated that all potential settlements against the City not covered by insurance would not materially affect the financial position of the City. The City has authority to levy additional taxes (outside the regular limit) to cover uninsured judgments against the City.

### CITY OF NEWTON, IOWA NOTES TO REQUIRED SUPPLEMENTARY INFORMATION - BUDGETARY REPORTING YEAR ENDED JUNE 30, 2008

In accordance with the Code of Iowa, the City Council annually adopts a budget on the cash basis following required public notice and hearing for all funds, except permanent funds, the internal service fund, and agency funds. The annual budget may be amended during the year utilizing similar statutorily prescribed procedures.

Formal and legal budgetary control is based upon ten major class disbursements known as functions, not by fund or fund type. These ten functions are: public safety, public works, health and social services, culture and recreation, community and economic development, general government, debt service, capital projects, business-type activities and non-program. Function disbursements required to be budgeted include disbursements for the general fund, special revenue funds, debt service fund, and the capital projects fund. Although the budgeted document presents function disbursements by fund, the legal level of control is at the aggregated function level, not at the fund or fund type level. During the year, the budget was amended increasing budgeted disbursements by \$6,996,150. This budget amendment was reflected in the final budgeted amounts.

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters

Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

To the Honorable Mayor and Members of the City Council

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of City of Newton, Iowa as of and for the year ended June 30, 2008, which collectively comprise the City's basic financial statements listed in the table of contents, and have issued our report thereon dated March 13, 2009. Our report expressed unqualified opinions on the financial statements which were prepared in conformity with an other comprehensive basis of accounting. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

#### Internal Control Over Financial Reporting

In planning and performing our audit, we considered City of Newton, Iowa's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing our opinion on the effectiveness of City of Newton, Iowa's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of City of Newton, Iowa's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control over financial reporting that we consider to be significant deficiencies and other deficiencies we consider to be material weaknesses.

A control deficiency exists when the design or operation of the control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects City of Newton, Iowa's ability to initiate, authorize, record, process, or report financial data reliability in accordance with an other comprehensive basis of accounting such that there is more than a remote likelihood a misstatement of City of Newton, Iowa's financial statements that is more than inconsequential will not be prevented or detected by City of Newton, Iowa's internal control. We consider the deficiencies in internal control described in Part II of the accompanying Schedule of Findings and Questioned Costs to be significant deficiencies in internal control over financial reporting.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood a material misstatement of the financial statements will not be prevented or detected by City of Newton, Iowa's internal control.

Members American Institute & Iowa Society of Certified Public Accountants

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. However, of the significant deficiencies described above, we believe item II-A-08 is a material weakness.

#### Compliance and Other Matters

As part of obtaining reasonable assurance about whether City of Newton, Iowa's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under Government Auditing Standards. However, we noted certain immaterial instances of non-compliance or other matters that are described in Part IV of the accompanying Schedule of Findings and Questioned Costs.

Comments involving statutory and other legal matters about the City's operations for the year ended June 30, 2008 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the City. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

City of Newton, Iowa's responses to findings identified in our audit are described in the accompanying Schedule of Findings and Questioned Costs. While we have expressed our conclusions on the City's responses, we did not audit City of Newton, Iowa's responses and, accordingly, we express no opinion on them.

This report, a public record by law, is intended solely for the information and use of the officials, employees, and citizens of City of Newton, Iowa and other parties to whom City of Newton, Iowa may report, including federal awarding agencies and pass-through entities. This report is not intended to be and should not be used by anyone other than these specified parties.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of City of Newton, Iowa during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

Independent Audit's Report on Compliance with Requirements Applicable to Each Major Program and on Internal Control over Compliance in Accordance with OMB Circular A-133

To the Honorable Mayor and Members of the City Council

#### Compliance

We have audited the compliance of City of Newton, Iowa, with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to its major federal programs for the year ended June 30, 2008. The City's major federal program is identified in the summary of the independent auditor's results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to its major federal program is the responsibility of the City's management. Our responsibility is to express an opinion on the City's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; Chapter 11 of the Code of Iowa; and the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States and OMB Circular A-133, <u>Audits of States</u>, <u>Local Governments</u>, and <u>Non-Profit Organizations</u>. Those standards and provisions require that we plan and perform the audit to obtain reasonable assurance about whether non-compliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the City's compliance with those requirements.

In our opinion, the City of Newton, Iowa, complied, in all material respects, with the requirements referred to above that are applicable to its major federal program for the year ended June 30, 2008.

#### Internal Control Over Compliance

The management of City of Newton, Iowa is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grant agreements applicable to federal programs. In planning and performing our audit, we considered City of Newton, Iowa's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of City of Newton, Iowa's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in the City's internal control that might be significant deficiencies or material weaknesses as defined below. However, as discussed below, we identified a deficiency in internal control over compliance that we consider to be a material weakness.

Members American Institute & Iowa Society of Certified Public Accountants

A control deficiency in the City's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the City's ability to administer a federal program such that there is more than a remote likelihood noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the City's internal control. We consider the deficiency in internal control over compliance described in the accompanying Schedule of Findings and Ouestioned Costs as item III-A-08 to be a significant deficiency.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the City's internal control. We consider the significant deficiency in internal control over compliance described in the accompanying Schedule of Findings and Questioned Costs as item III-A-08 to be a material weakness.

City's responses to the findings identified in our audit are described in the accompanying Schedule of Findings and Questioned Costs. While we have expressed our conclusions on the City's responses, we did not audit City's responses and, accordingly, we express no opinion on them.

This report, a public record by law, is intended solely for the information and use of the officials, employees and citizens of City of Newton, Iowa, and other parties to whom City of Newton, Iowa, may report, including federal awarding agencies and pass-through entities. This report is not intended to be and should not be used by anyone other than these specified parties.

Nolte, Cornman & Johnson, P.C.

March 13, 2009

#### Part I: Summary of the Independent Auditor's Results:

- (a) Unqualified opinions were issued on the financial statements which were prepared on the basis of cash receipts and disbursements, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.
- (b) A significant deficiency in internal control over financial reporting was disclosed by the audit of the financial statements, which was considered to be a material weaknesses.
- (c) The audit did not disclose any noncompliance which is material to the financial statements.
- (d) A significant deficiency in internal control over the major programs was disclosed by the audit of the financial statements, which was considered to be a material weakness.
- (e) An unqualified opinion was issued on compliance with requirements applicable to each major program.
- (f) The audit did not disclose an audit finding which is required to be reported in accordance with Office of Management and Budget Circular A-133, Section .510(a).
- (g) Major programs were as follows:
  - CFDA Number 20.106 Airport Improvement Program
  - CFDA Number 14.228 Community Development Block Grants/State's Program
  - CFDA Number 14.228 Community Development Block Grants/State's Program (PIAP)
  - CFDA Number 14.246 Community Development Block Grants/Brownfields Economic Development Initiative
- (h) The dollar threshold used to distinguish between Type A and Type B programs was \$300,000.
- (i) The City of Newton, Iowa, did not qualify as a low-risk auditee.

#### Part II: Findings Related to the Basic Financial Statements:

#### SIGNIFICANT DEFICIENCIES:

II-A-08 Segregation of Duties - One important aspect of the internal control structure is the segregation of duties among employees to prevent an individual employee from handling duties which are incompatible. We noted that one individual has the ability to enter cash receipts, reconcile bank accounts, reconcile investments, and make entries to the general ledger.

<u>Recommendation</u> - We realize that with a limited number of office employees, segregation of duties is difficult and the City has taken some steps to help minimize this problem. While the individual mentioned above has the ability to perform each of the functions listed, she is not doing so on a daily basis. However, the City should continually review its control procedures to obtain the maximum internal control possible under the circumstances, and management needs to be aware of the importance of segregating duties when assigning job responsibilities.

Response - The City is aware of the auditor's recommendation and has made a number of changes in its practices since this issue was first identified in the 1995 audit. Given the size of our administration staff compared to the range of City administrative responsibilities, some overlay of duties is necessary. The City Administrator and Director of Administrative Services are currently exploring ways to have more segregation of duties in the general administrative office.

Conclusion - Response accepted.

#### Part III: Findings and Questioned Costs For Federal Awards:

#### SIGNIFICANT DEFICIENCIES:

CFDA Number 20.106 - Airport Improvement Program
Pass-through Agency Number: 3-19-0065-08-2004 and 3-19-0065-09-2006
Federal Aviation Administration
Pass through the Federal Aviation Administration

CFDA Number 14.228 - Community Development Block Grants/State's Program Pass-through Agency Number: 07-OT-002-06 and 07-PAIP-005
Department of Housing and Urban Development
Pass through the Iowa Department of Economic Development

CFDA Number 14.246 - Community Development Block Grants/Brownfields Economic Development Initiative
Pass-through Agency Number: 07-BRN-001 (A)
Department of Housing and Urban Development
Pass through the Iowa Department of Economic Development

III-A-08 <u>Segregation of Duties</u> - One important aspect of the internal control structure is the segregation of duties among employees to prevent an individual employee from handling duties which are incompatible. We noted that one individual has the ability to enter cash receipts, reconcile bank accounts, reconcile investments, make entries to the general ledger, and sign checks.

Recommendation - We realize that with a limited number of office employees, segregation of duties is difficult and the City has taken some steps to help minimize this problem. While the individual mentioned above has the ability to perform each of the functions listed, she is not doing so on a daily basis. However, the City should continually review its control procedures to obtain the maximum internal control possible under the circumstances, and management needs to be aware of the importance of segregating duties when assigning job responsibilities.

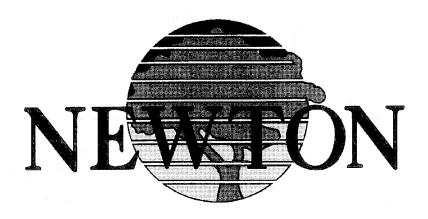

Response - The City is aware of the auditor's recommendation and has made a number of changes in its practices since this issue was first identified in the 1995 audit. Given the size of our administration staff compared to the range of City administrative responsibilities, some overlay of duties is necessary. The City Administrator and Director of Administrative Services are currently exploring ways to have more segregation of duties in the general administrative office.

Conclusion - Response accepted.

#### Part IV: Other Findings Related to Required Statutory Reporting:

- IV-A-08 <u>Certified Budget</u> City disbursements for the year ended June 30, 2008, did not exceed the amount budgeted.
- IV-B-08 <u>Questionable Disbursements</u> We noted no disbursements that fail to meet the requirements for public purpose as defined in an Attorney General's opinion dated April 25, 1979.
- IV-C-08 <u>Travel Expense</u> No expenditures of City money for travel expenses of spouses of City officials or employees were noted.
- IV-D-08 <u>Business Transactions</u> There were no business transactions between the City and City officials or employees that appear to represent a conflict of interest.
- IV-E-08 <u>Bond Coverage</u> Surety bond coverage of City officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to insure that the coverage is adequate for current operations.
- IV-F-08 <u>Council Minutes</u> No transactions were found that we believe should have been approved in the Council minutes but were not.
- IV-G-08 <u>Revenue Bonds</u> No instances of non-compliance with the provisions of the City's revenue bond resolutions were noted.
- IV-H-08 <u>Deposits and Investments</u> No instances of non-compliance with the deposit and investment provisions of Chapter 12B and Chapter 12C of the Code of Iowa and the City's investment policy.
- IV-I-08 Solid Waste Fees Retainage The City used or retained the solid waste fees in accordance with Chapter 455B.310(2) of the Code of Iowa.

#### Note:

During fiscal year 1988, the City established a tax increment financing district to generate revenues to assist the City in funding responsibility for an urban renewal plan. Under the urban renewal plan, the City purchases properties located within the district to be demolished for development. The City issued bonds to initially fund this plan, which will be retired from fund revenues through transfers to the Debt Service Fund.
